

# **LEGO® Club Time!**

Kids, come join other Lego® maniacs in this year's club supervised and coordinated by Mrs. Katie Norder and Mrs. Courtney Fletcher. There will be a fun theme each week and activities to take home to try with your own Lego® set. In class, students will build and create original designs using our Lego® collection. We will take pictures of their creations and, if it's OK with the kids, we will post them on our Community Ed. Facebook page. Each registered participant will receive a Lego® minifigure to keep!

**Wednesdays, February 7 – March 14**  
**Grades 3-6**  
**from 3:35 – 4:45 p.m.**  
**Class held at Heritage \$36**

Space limited and fills up fast—register early to insure a spot!  
Students are welcome to bring a quick snack to eat just prior to class. If school is cancelled for the day, so is the club. We will add a class at the end as a make-up day, if necessary.
