

STOCKBRIDGE COMMUNITY SCHOOLS

**Technology Acceptable Use Policy
Elementary Student Agreement**

Parents: Please read this policy to your child(ren) before signing.

Stockbridge Community Schools (SCS) has developed a Technology Acceptable Use Policy for the Internet, school networks, computers and related equipment. Access and use of these is a privilege for the user.

Technology – Terms and Conditions for Use Using computers and other electronic equipment at school is a special treat. I can use the equipment to help me learn more about other places, people and things around the world.

1. I will follow the rules explained to me by my teacher.
2. I will be nice to the equipment and use it with care.
3. I will be kind to other students using the equipment and will respect their documents and files.
4. I will tell my teacher if the equipment is broken or someone is not being nice to it.
5. I will not tell anyone my username or password (except my teacher or parent/guardian) and will not use other people’s usernames or passwords.
6. I will only use software that is provided by the school and will not download or copy software onto the equipment or click on ads.
7. I will not use the equipment to play games or email/text/blog unless my teacher asks me to.
8. I will use the Internet for education only and if I visit a site that is bad or makes me feel uncomfortable, I will tell my teacher.
9. I will not give out my name, address, phone number, age, school name, email address or other information about me while using the Internet.
10. I will only use my first name and first initial of my last name, my own photo in a group, or my own school work when my teacher asks me to save information to websites.
11. I will only do good things while using the equipment. All of my activities using the equipment will be things that my parents and teachers will be proud of. If I do not follow the rules or my teacher’s instructions, I may lose my privilege to use the equipment and may be disciplined by the school. I may have to pay the school to fix the equipment that I broke.

As the parent or guardian of this student, I grant permission for him/her to use technology and access information on the Stockbridge Community Schools network. I have read the Stockbridge Community Schools Acceptable Use Policy. I understand Stockbridge Community Schools has taken precautions to prohibit access to inappropriate materials. However, I recognize it is impossible for Stockbridge Community Schools to restrict access to all inappropriate materials and will not hold them responsible for materials acquired on the network. I understand that I may be held financially responsible for damages or unauthorized expenses incurred as a result of technology use by this student. I understand that website pages with student information may only use my student's first name and first initial of last name, photo in a group, or school work, together or separately.

I may choose to opt out by providing written notification. Further, I accept full responsibility for supervision if and when my child's use of District systems is not in a school setting.
